39.49

**Futures Price Trend**

**Market Analysis**

ICE pit-traded arabica coffee futures rose on Friday nearing Thursday's 10-month high as speculators bought as concerns of rains for coffee flowering in Brazil grew stronger. December closed 180 points higher at \$1.37 a pound while March ended 1.80 cents up at 140.65 cents a pound. ICE December robusta coffee ended at 82.65 cents a pound after Friday's screen launch. LIFFE robusta coffee futures finished lower on Friday due to recent weakness in the nearby spread. Rolling out of front month November by speculative traders ahead of November first notice day has pressured the spread recently. LIFFE November settled down \$8 at \$1914/tonne while January settled down \$9 at \$1807/tonne.

**Global:** Ahead of Friday's launch of ICE robusta coffee futures, liffe announced plans to double its contract size to 10 tons. LIFFE will also allow rebagging of robusta shipped in bulk and for deliverables to include a broader range of robusta coffee. November 2008 will be targeted as the delivery month for which the revisions apply.
